Subject: More Information on Dimock residents

Below is some information we received late yesterday which apparently is a list of all the residents to whom Cabot may have provided water at some point in the Dimock area.

Harry, hopefully this will help or confirm some of the information you have been researching on addresses and phone numbers although this is a larger universe of homes that was on the sampling data report we gave you late last week. No actual house numbers in either case.

Rich, maybe this will be of some value to you and your team during the door-to-door survey.

Thanks, den.
